

### **Department of Lifelong learning:**

Department of Lifelong learning was established in 1962, and has widened its activities from extension lectures to courses and conferences for adult education. Department of Lifelong learning seeks to provide an opportunity to youth to reach out to the community and volunteer for sharing skills, knowledge and insights which they have learned through formal higher education. DLL aims for continuous development and improvement of knowledge and skills of students. The department has been instrumental in conducting awareness programs for population control, HIV/AIDS control, child labour, save the girl child and motherhood, environment protection etc. The department is making sincere efforts to involve the students and the community in literacy, post literacy, population, education, and non-formal education through its extension programs.

### **Department of Psychology:**

Department of Psychology was established in 1971. The faculty of department is highly qualified and specialized in areas of clinical, vocational, social, environmental and organizational psychology. Among the thrust areas of research are Gerontology, Drug Addiction, Widowhood, Psychology of Gender, Problems of Adults and Youth etc. The Department can rightly claim credit for significant placements and achievements of the faculty and the students in diverse bodies and affiliation.

**Department of  
Lifelong learning**

**Department of  
Psychology**

**20th November 2014 at 11:00 a.m. onwards**

**Venue: Conference Hall,**

**Department of Lifelong learning**

**University of Rajasthan,**

**Jaipur**

### **About the Workshop:**

Capacity building also referred to as capacity development, is a conceptual approach to development that focuses on understanding the obstacles that inhibit people, governments, international organizations and non-governmental organizations from realizing their development goals while enhancing the abilities that will allow them to achieve measurable and sustainable results.

There is an immense need of qualified, trained, experienced practicing psychologists. The cutting edge would be able to create a platform, where all our budding psychologists interact, learn from guides/mentors, who provide hands on feel, training, tips and insight, into the much needed counseling techniques of capacity building.

The present workshop aims to provide special skills necessary for using the counseling techniques.

### **SPECIFIC FOCUS OF THE WORKSHOP IS:**

- Understanding the theoretical basis of capacity building.
- Special focus on using it as a counseling technique.
- Understanding the traditional and cross cultural views of counseling

### **International resource persons from USA are:**

1. Dr. Diane M'liss Clark
